Safety. Safely.**

Be part of the

Hand and Ankle Campaign

Each month a new activity will be announced.

Jan 2019 All Hands In!

CONGRATULATIONS! RRC

1969 saw the inception of the company we work for today, as Chemintal, which later changed its name to Rohr Rein Chemie. Through years of change, our core focus still remains delivering exceptional service in industrial chemical cleaning.

Living with Purpose and Setting Goals

To successfully set goals for yourself that keep you inspired throughout the year, you first need to identify your purpose. Getting to the very root of your motivation also reveals the smaller tasks that will lend to reaching your bigger goals and encourage you to stay motivated.

1. Have a hard copy of your goals on-hand to keep yourself on track and to hold yourself accountable for what you set out to achieve.
2. Consistently revisit your goals to remind yourself of the minor successes. Revise them as your motivation changes.
3. Set challenging goals. The importance of goal-setting is to push yourself to reach new potential; they should be difficult and require effort to achieve.
4. Set both personal and professional goals. Find ways to better yourself in all aspects of your life.

Don't set overly strict timelines for achievement. Remind yourself that making progress each day—

Wishing you much joy & happiness as you begin a new chapter in your life.

At the end of Jan 2019, we regrettably say good-bye to Isabella Homan. Thank You for your commitment and loyalty for all these years (2007-2019).

Condolences

To the Phadi Family

Tenderly may time heal your sorrow
Gently may friends ease your pain
Softly may peace replace heartaches
And may warmest memories remain

01 – Simon Mokolo
07 – Klaas Monareng
21 – Thomas Mashinini
