In the Spotlight

Sasol - Shutdown preparation in full swing with the shut starting on the 4th September

Practice Caution!
Computer Virus, Phishing

Secunda will be moving to new premises 1st November (old Enviroserve site).

Warmest Winter in 131 years – may it hold for the shut. We are hoping the cold fronts will have passed before the shut. If not, then Rob Muller must supply soup and bread for the night shift guys.

Put your 'green fingers' to work, time to get the garden ready, fresh veggies = healthy body.

The 10 Commandments of Workplace Safety

- 1 Everyone is Responsible for Their Own Safety and the Safety of Others
- 2 All Accidents are Preventable
- 3 Follow Company Rules, Regulations & Procedures
- 4 Assess the Risks. Stop and Think
- 5 Be Proactive about Safety
- 6 If you're Not trained. Don't do it!
- 7 Manual Handling – Manage the Lift
- 8 Don't Take Shortcuts
- 9 Practice Good Housekeeping
- 10 BE Prepared

- September**
